## G. A. R. CHIEFS PAY VISIT TO LOCAL POST

Today was a red letter day for the blue-coated comrades of the Grand Army of the Republic for it marked the visit of their illustrious commander-in-chief, David J. Palmer of Washington, Iowa; Department Commander B. B. Tuttle and Adjutant-General J. H. Roberts, an event that will long be remembered.

The grand commander, department commander and his adjutant-general arrived here at 11 a. m. and they were met by a delegation from the Sedgewick Post, who gave these distinguished visitors a rousing welcome and proceeded at once to show them the beauties of Santa Ana and vicinity.

The party motored to Orange and Tustin and the department commander, in praising the morning's trip, said, "Hewes hill is certainly the prettiest spot that I have seen in many a day."

Returning to Hotel Rossmore the members of the party were served with a four-course luncheon, at which the Daughters of Veterans were represented by Mrs. George S. Smith; the W. R. C. by Mrs. Alice Yount, and the Shiloh Circle by its president, Mrs. J. N. Martin.

At the right of the commander-in-chief sat Comrade O. H. Maryatt, with O. V. Knowlton at the left of the noted general, others at the table being Mesdames J. W. Powers, J. N. Martin, George S. Smith, Guy Cunningham, Alice Yount, Department Commander B. B. Tuttle, his adjutant-general, J. H. Roberts, and Comrades G. H. Gullick, J. W. Powers, W. Erwin, Guy Cunningham, E. T. Langley and Rev. F. S. Haughawant.

Amusing reminiscences of Civil War days were recalled and from the appearance of Colonel Palmer as he partook of a generous helping of delicious apple pie, it was truly difficult to realize that he was a Civil War veteran, who, fifty-three years ago, was left for dead on the battlefield at Shiloh.

At 2 o'clock this afternoon the G. A. R. hall was filled with admirers of this Grand Old Colonel who enjoyed his talk on "The Grand Army of the Republic." Rev. Haughawant presided over the meeting, at which there was a big delegation of members of the Shiloh Circle, Daughters of Veterans, W. R. C., Sons of Veterans, Sedgewick Post and citizens of Santa Ana.

Stoves in the homes of Ivey Sampey and John Norris were upset. Sampey's house sank five feet.

LOS ANGELES, Feb. 24.—Many millions of dollars will be represented in a merger of oil companies, plans for the organization of which are under way in this city, but the details are being closely guarded at this time, those involved declining to discuss the matter, other than to admit it was under consideration. The proposed merger will bring into one organization 150 companies now operating as the Independent Oil Producers' Agency of California.

Back of the move for the merging of these companies stand three powerful corporations in the oil industry—the Union, General Petroleum and California.

W. L. Stewart, president of the Union Oil, confirmed the report that the companies may be brought under one management and said that the negotiations are fairly under way.

If the deal goes through a company will be formed which will control some of the most valuable oil property in the state.

## Five Face Court Martial for San Diego Explosion

WASHINGTON, Feb. 24.—Admiral Howard, commanding the Pacific fleet, recommended today that five officers and men of the cruiser San Diego be court-martialed as a result of the explosion which caused nine deaths recently. Secretary of the Navy Daniels, it is announced, will approve this finding.

The court of inquiry submitted the following names to the court martial: Lieut. K. L. Hill; Chief Machinist Thomas O'Donnell;

THIS PHOTOGRAPH, SAID TO BE THE FIRST OF AN ACTUAL BATTLE SCENE IN THE PRESENT WAR, WAS TAKEN BY AN AMERICAN PHOTOGRAPHER. IT IS APPARENT FROM THE FACT THAT THE CAMERA SHOWS MEN FALLING WITHIN A SHORT DISTANCE THAT THE PHOTOGRAPHER HIMSELF WAS UNDER THE FIRE OF THE FRENCH. THE DANGER OF THE PHOTOGRAPHER ACCOUNTS FOR THE INDISTINCTNESS OF THE PHOTOGRAPH, FOR THERE ARE FEW WHO WOULD TAKE CAREFUL PICTURES UNDER SUCH CONDITIONS.

## Famous Naval Fighter Laughs Submarine Blockade to Scorn as Futile

Declares Germans Must Meet  
Defeat in End; 'Draw' to  
War Inconceivable

BY ED L. KEEN

[United Press Staff Correspondent—Copyright 1915 by United Press; Copyrighted in Great Britain.]

LONDON, Feb. 24.—"Germany will sink no American ship—unless by design. A German torpedo which finds its mark in the hull of an American vessel will have been aimed and fired from Berlin. If an American merchantman is sunk, it will be for the express purpose of dragging the United States into this war."

The speaker was England's best known and best loved sailor—Admiral Lord Charles Beresford. His name probably more than any other carries to Americans a picture of the typical British sea fighter. He is to Englishmen what "Bob" Evans was to Americans. And also he is one of the clearest naval thinkers of the age.

He made the above reply to the greatest question of the moment here—put by Americans hundreds of times—daily: "Do you think Germany is trying to force the United States into the war?"

His statement was the first in which any important personage connected with British naval affairs, has discussed this phase of the war. The admiral, upon receiving a United Press representative, explained that he spoke now only because, knowing Americans intimately, he recognized the danger of a possible misunderstanding in the United States because of the reticence and secrecy forced upon British officialdom.

Germans Not Fools  
He pointed out that, being a democracy where personal liberty is a reality and military and police authority are virtually not felt, England is more vulnerable to German spying than any other nation except the United States.

"I don't share the opinion of some of my countrymen that the Germans are fools," said Lord Beresford. "I do not favor letting them have that defense when the day of reckoning comes. Every move of any magnitude Germany has made to date has been made deliberately and thinking. She must give an accounting on that basis. The controlling intellects of Germany know that the sinking of an American ship, though apparently an

Teutons, Loss is Admitted  
by the British

WASHINGTON, Feb. 24.—Confirmation of the sinking of the American steamer Carib off the German coast is received today in a cablegram from American Minister Van Dyke at The Hague. The cablegram says:

"Carib sunk by German mine on route outside that prescribed by German admiralty."

Outwardly calm, the Washington authorities today secretly admit that the incident has increased the seriousness of the international situation.

It is hinted that a new note, reiterating the United States' intention of holding Germany to "strictest accountability" for the loss of American lives and shipping, has been forwarded to Berlin.

The American steamer Evelyn struck two mines before she sank last week, according to a report from Ambassador Gerard of Berlin today.

The Evelyn sank seven hours after she struck the mines.

Hans Harostoker was frozen to death and buried at sea. This was the only fatality.

Captain Smith and thirteen men lowered the first boat. The second contained First Officer Swanson and thirteen men. These were rescued by the Germans and taken to Heligoland.

The exact whereabouts of Smith's boat is not known.

The submarine which sent the Oakly to the bottom is believed to be the same which sank the Norwegian steamer Regin and the British collier Brankome China.

The admiralty admits tonight that the Clan McNaughtan, a converted cruiser, is lost. The casualties are officially estimated at 279. All hope has been abandoned of saving any of the crew.

## TEN MILLIONS IN MORTGAGE IS FILED HERE

A \$10,000,000 deed of trust was recorded here today. It is over twelve years old, and should have been recorded a long time ago, but by oversight the document was not sent to this county at the time it was recorded in other counties. P., and a large amount of Los Angeles property to the Union Trust Company of San Francisco. The deed of trust was made to secure a bonded indebtedness of \$10,000,000.

ing for some time making prepara-  
tions for programs and entrance of  
new members. Now the club is open  
to all boys who wish to enter. This is  
the first time in the history of the  
school that there was standing room  
only at the opening of a club.

Mr. McMahon delivered a splendid ad-  
dress welcoming the club to the  
school. He said that although mem-  
bers were excused from advisory to  
attend this club he considered that  
the club accomplished, in a measure,  
that which the advisory was desig-  
nated to.

Mr. Brown of the County Y. M. C. A.  
delivered a striking address on "Col-  
lege Fraternities." Some of the dan-  
gers and past results of fraternities  
were brought forth. Although troubled  
by a slight cold, the speaker put force  
into his speech and left no part of it  
so that there could be the slightest  
mistake. Unfortunately he was not  
able to finish on account of the bell  
ringing. The program committee of  
the club is endeavoring to have him  
finish the speech at the next meeting.

A disappointment was experienced  
when the Junior Quartet failed to re-  
nder their scheduled number. This club  
is to hold regular meetings every other  
week during the advisory period,  
and interesting programs are assured.

It is free to any boy of the Santa Ana  
High School and it is expected that  
a larger room will have to be obtained  
in which to hold the meetings.

# THREE GIVE THEIR BLOOD SAVE DYING GIRL'S LIFE

DECATUR, Ill.—Taken from an in-  
terurban car in an unconscious  
condition, after a slight operation per-  
formed in Springfield, Miss Camille  
Hawkyard, a Millikin University stu-  
dent, was for a time given up as dead.  
With her pulse gone and heart action  
no longer perceptible, it was found  
that a leakage in an artery in her  
throat had sapped her blood.

Calling for volunteers among the  
girls in the college dormitory, three  
doctors transfused blood from three  
of the best subjects who volunteered,  
and it is now believed the girl's life  
has been saved, although her condi-  
tion is critical.

# TROUSERETTES BASIS OF THIS DIVORCE SUIT

BUTE.—James Davidson, defend-  
ing himself in Judge Lynch's court in  
the divorce action brought by his  
wife, Minnie Isabel Davidson, declared  
the plaintiff was the first woman in  
Butte to don the latest hint from  
Paris, the trouserettes. He declared  
he was ashamed of her and that she  
became ashamed of herself when she  
walked down the street, as everyone  
laughed at her.

Davidson gave a fair description of  
the newest idea from across the pond.  
He declared it, or them, to be a new  
sort of arrangement to substitute for  
the more sensible petticoat. Around  
the bottoms, the witness declared,  
were all sorts of ruffles.

# LIFE OF 'DRY' JUDGE THRICE THREATENED

NEW YORK.—Judge George G.  
Tennant of the Hudson County Court  
of Common Pleas, who was instrumen-  
tal in making Jersey City and the  
twelve other cities and towns of the  
county as dry on Sunday as appears  
to be possible, received three letters  
threatening his life. Prosecutor Hud-  
speth's office will investigate the  
threats.

"Two of the letters are badly writ-  
ten," said Judge Tennant, "and are  
evidently in the same handwriting.  
The other one is very filthy."

accident, would be an event of the  
first magnitude. They know it would  
be the shell that would explode the  
magazine of American patriotism.  
They know the war wave which swept  
the United States in 1898 with the  
slogan "Remember the Maine!" was a  
mere ripple in comparison with that  
which would engulf the republic  
should an unarmed merchant ship, fly-  
ing the American flag, be sunk by a  
German submarine. They know that  
such an event would bring the United  
States into the war within a week.

# Making No Predictions

"I do not predict to what extremes  
Germany would go. But I am con-  
fident that she would not leave to the  
judgment of a submarine commander  
the issue whether or not the United  
States is to join her enemies."

"What possible motive could the  
Kaiser or his advisors have in seeking  
to involve the United States?" was  
asked.

Smilingly, Lord Beresford searched  
a cloud of cigar smoke for an answer.  
"Possibly British psychology is not  
the best in the world at this particu-  
lar moment in analyzing Teutonic  
motives," he replied. "But I venture  
two possible answers:

"First, with the United States in  
the war, Germany would be in a bet-  
ter position to quit. The Kaiser would  
be able to save his face with his peo-  
ple on the ground that the entire  
world was against him, and Germany  
might hope to go down in history as  
having enacted the role of the under  
dog. Sympathy for the under dog  
often is given without analyzing the  
dog's morale or considering the fact  
that he really deserves to be under."

# A Likelier Reason

"Second, and I believe this a likelier  
reason—is the fact that if America  
should participate in the war, she nec-  
essarily would participate in the peace  
negotiations. It is not likely that  
your country would be invaded or  
would suffer to the same extent as  
our allies. Therefore, America would  
enter the negotiations without the  
poignant hatred naturally affecting  
those whose homes had been invaded,  
whose cities and farms desolated and  
whose people had been massacred.  
Too, the Americans do not have the  
reputation of being revengeful. You  
are—what shall I call it—easy, as we  
Britishers are."

"There is no doubt now but that, re-  
gardless of the time it will take to  
end the war, or the toll of men and  
money to be exacted, Germany must  
ultimately lose. It is obvious that  
Germany's resources, in a test of en-  
durance, cannot equal the combined  
resources of the allies."

"Under these circumstances, it is  
not unreasonable to suppose that Ger-  
many is giving serious consideration  
to the factors entering into peace ne-  
gotiations. Sitting at the peace con-  
ference tables, America, with her  
great commercial demands for an ear-  
ly settlement of the war, and her re-  
latively lesser grievances, undoubtedly  
would be a valuable asset to Ger-  
many."

# Democracy Is Jealous

"But with this so obvious, why will  
not the United States avoid a clash?"  
was asked.

"Young man," Lord Beresford an-  
swered, "your nation is a democracy.  
The weakness of every democracy is  
that it desires peace above all else.  
In its determination to maintain  
peace it often goes to absurd lengths.  
A democracy is always more jealous  
of its honor and quicker to resent a  
question involving its safety than any  
other form of government. Coinciden-  
tally, a democracy loves a strong,  
firm-handed leader in times of stress,  
and so long as that leadership is suc-  
cessful it will fall unquestioningly to  
the end of a situation."

"In this trait of democracies is the  
explanation of the British confidence  
in Lord Kitchener. I have noted  
American press references to the sur-  
render of the government to Kitch-  
ener. Nothing could show a greater  
misunderstanding of the situation.  
There is no dictatorship here, but  
once a democracy like ours enters a  
gigantic struggle there is as much  
need of intensified efficiency as in a  
country which has bowed its head to  
the yoke of military despotism. To  
obtain this efficiency a firm hand,  
vested with full authority, is neces-  
sary. Instead of reflecting upon  
democracy and proving it a failure,  
England's accomplishment in seven

# HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You  
Darken Gray, Faded Hair  
With Sage Tea

Grandmother kept her hair beau-  
tifully darkened, glossy and abundant  
with a brew of Sage Tea and Sulphur.  
Whenever her hair fell out or took on  
that dull, faded or streaked ap-  
pearance, this simple mixture was applied  
with wonderful effect. By asking at  
any drug store for "Wyeth's Sage and  
Sulphur Compound," you will get a  
large bottle of this old-time recipe,  
ready to use, for about 50 cents. The  
simple mixture can be depended upon  
to restore natural color and beauty to  
the hair and is splendid for dandruff,  
dry, itchy scalp and falling hair.

A well-known downtown druggist  
says everybody uses Wyeth's Sage and  
Sulphur, because it darkens so natu-  
rally and evenly that nobody can tell  
it has been applied—it's so easy to  
use, too. You simply dampen a comb  
or soft brush and draw it through your  
hair, taking one strand at a time. By

months of what cost Germany forty  
years of effort is the highest, final tri-  
bute to the success of democracy.

# England Against War

"Certainly, if proof were needed of  
the baselessness of the charge that  
England wanted war, it is found in the  
situation which Lord Kitchener and  
the admiralty have set and overcome.  
England was never more unprepared  
on land or sea. Had we expected war  
the mining of the North Sea trade  
routes would never have been possi-  
ble."

"Deceived by the intensity of our  
desire for peace, we were, at the out-  
set, caught off our guard. Hence,  
Germany was given the greatest naval  
opportunity she will ever enjoy. But  
she failed to grasp it. Ready, de-  
termined upon war, as her military  
activities have shown, Germany had  
an opportunity before the declaration  
of war to rush cruisers and armed  
merchantmen along all the British  
trade routes where, upon the opening  
of hostilities, she could have sunk  
thousands of our merchantmen before  
we could have protected them."

# Opportunity Lost

"The extent of the opportunity Ger-  
many lost is best illustrated by the  
damage done by the Emden and the  
Karlsruhe."

"This failure leads me to believe  
that, at the last minute, the Kaiser  
rushed into war without giving the  
naval end the consideration undoubt-  
edly given the army. It seems that,  
had Vice Admiral Von Tirpitz ob-  
tained the Kaiser's ear before the  
break, the result might have been dif-  
ferent."

At the mention of Admiral Von Tir-  
pitz's name, the conversation turned  
to the submarine blockade. It brought  
a laugh from Admiral Beresford.

"The war has exploded a number of  
innovations designed to alter the  
course of history," he continued, "but  
I know of nothing that has been more  
over-estimated than the importance  
and value of the submarines, provided  
it is met with precautions of speed and  
the screens of small craft protecting  
squadrons of big ships."

# Submarines Overestimated

"I don't mean the submarine is not  
an extremely valuable asset or that it  
has not presented new problems, but,  
without boasting or divulging secrets,  
I can say that the submarine problem  
is being and will be met, so far as the  
ships of war are concerned. The sup-  
position that the submarine will revo-  
lutionize naval warfare is an utter ab-  
surdity. It would be as unreasonable  
to expect to revolutionize land war-  
fare by footpads using maxim silencers  
on their revolvers, as to expect that  
naval warfare can be revolutionized  
by the present tactics of German sub-  
marines."

"The greatest accomplishment of  
the Germans has been to revive and  
glorify piracy and sea murder. It is  
reasonable to suppose that this will  
result in some changes in construc-  
tion, but the ultimate issue of any  
naval war will always rest with the  
big fleets."

"Will the final issue between En-  
gland and Germany in this war be de-  
cided by battle fleets?" was asked.

"It must be," was Admiral Beres-  
ford's emphatic response.

# Draw Is Inconceivable

"Peace," he continued, "which in ef-  
fect resulted in a draw, is inconceiv-  
able. It would mean for the allies  
that rivers of blood were shed with  
no purpose. Peace with Germany's  
land-locked battle fleet intact and with  
that nation free to resume its efforts  
to challenge the neutrality of the seas  
and the freedom of ocean trade routes,  
which British naval supremacy has  
maintained for the world, is unthink-  
able."

"Command of the seas from the  
British viewpoint, or 'British naval-  
ism,' as Admiral Von Tirpitz describes,  
has meant and always will mean free-  
dom of the seas for every nation. This  
is not only a menace to German mili-  
tarism, with its attendant blight upon  
free dom and democracy, but it is a  
menace to German navalism, which  
acknowledges no rules of honor, and  
which must be wiped from the records  
of time."

"Great Britain will trust to her army  
and navy and the spirit of Nelson will  
be sufficient in the final crisis."

# YOUTH WHO AIDED WOMAN IS SET FREE

PHILADELPHIA, Pa. — Franklin  
Raymond Garmany, 19 years old, was  
betrothed by Mrs. Bertha Ettington  
when he was arraigned on the charge  
of beating his \$38 board bill at the  
Hotel Walton.

Mrs. Ettington, whom Garmany as-  
sisted when she was robbed in Pitts-  
burg several years ago, appeared at  
the hearing and obtained the release  
of the prisoner by paying the bill. She  
said she would care for him until he  
obtains a position.

# IMMENSE EAGLE IS CAUGHT SECOND TIME

HOPKINSVILLE, Ky. — Several  
years ago Wesley Meacham caught a  
large eagle in a trap near Carl and  
after keeping it in captivity awhile  
turned the bird loose. Recently Gus-  
sie Crick, a mill man of the Red Hill  
vicinity, a few miles from Carl, cap-  
tured a similar bird, in all probability  
the same one. Mr. Crick brought it  
down by a shot that stunned it, but  
only slightly wounded it. It measured  
seven feet three inches from tip to  
tip.

# \$1.50 DOG COSTS BERKS COUNTY NEAT SUM OF \$67

BOYERTOWN, Pa.—It cost Berks  
county \$67 to find out whether it was  
necessary to draw a true bill against  
Mrs. Harry Houck, who was accused  
of stealing her own dog. The grand  
jury, after hearing a score of folk tell  
just what they knew about the canine,  
said to be 15 years old and worth  
\$1.50, ignored the case and placed the  
costs on the county.

# WHEN NOTRE DAME'S BELL TOLLS

One of the most interesting sights of  
Notre Dame is the ringing of the  
great bourdon, the giant bell of the  
cathedral. It can be seen by those who  
happen to visit the belfry at noon on  
Good Friday. There are no ropes; the  
huge mass is swung by a sort of sea-  
saw, on which the ringers perform  
curious gymnastics. The tone of the  
bell is so pure that one may stand  
quite close and suffer no more incon-  
venience than from the sounding of a  
thirty-two-foot organ pipe. Huymans  
has described the ringing in one of his  
novels.—Fall Mall Gazette.

Ben Brown, for Clerk, Starts Petition: Frank Trickey's Be Out Tomorrow

This brand new candidate is J. S. House. He lives at the corner of Lyon and Chestnut, where he has a ranch, and is a candidate for trustee from the third ward. E. C. Martin is his verification deputy.

Ben Brown is the first of the nine or ten candidates for city clerk out with his nomination papers. C. F. McDowell is his verification deputy. Today City Clerk C. D. Lester stated

## INDIANA HAS 166,547 DOGS ON ITS TAX LIST

GREENCASTLE, Ind.—James B. Harris of this city, who has been working for months to obtain a list of the dog owners of the state for a New York dog medicine manufacturing concern, has announced that he has the name of every man, woman and child in Indiana who pays taxes on a dog. He says in the state there are 166,547 dogs on which taxes are paid. This is an average to each county of 1810. Madison county leads the list with 3688 dogs. Indianapolis has 6000, which is the greatest number for any one city. The compiled list includes only those dogs on which taxes are paid. There are probably as many more that the state gets no revenue from.

## 4-LEGGED DUCK MAKES REAL 'FIERCE' WATCHDOG

PETERSBURG, Ind.—Carl Veeck of this city owns a duck that serves as a watchdog. The duck was hatched with four legs, and soon became a great curiosity. Whenever strangers visited in the neighborhood of the Veeck home they always called to see the duck. The duck became so sensitive that whenever it heard anyone coming it would run and hide. Despite its efforts to escape, it was always caught. Then it changed its tactics and whenever anyone approached it would begin quacking as loud as it could.

Now, whenever anyone passes or tries to enter the back yard at night the duck can be heard squawking all over the neighborhood. Veeck has refused all offers to buy the duck.

## HARD LOOKS, NUDGE AND BLOW DRAW \$10 FINE

ST. LOUIS—Harry Podalski was fined \$10 and costs by Judge Sanders in City Court No. 2 for giving Max Grollneck three hard looks, a nudge and a fist blow at a dance hall, and Grollneck was fined the same amount for cursing Podalski.

The trouble grew out of Podalski's arrest on complaint of Louis Grollneck, a dry goods dealer, former employee of Podalski, on a charge of peace disturbance. Podalski was freed of the charge when Judge Sanders learned the trouble grew out of the fact that Podalski was a "puller" for a rival store and was trying to take business from Grollneck. Louis and Max Grollneck are brothers.

## MAN, 75 YEARS OF AGE, WILL SEEK LOST MINE

PRINCETON, B. C.—Colonel Robert Stevenson, veteran mining man and explorer, is at work on the Gladstone mine, near Allison, and has some fine ore. Colonel Stevenson was acquainted with the men and has information which leads him to believe he can recover the ground, which is on a tributary of Antler creek.

## ORANGE LARGE GATHERING OF THE AMERICAN WOMAN'S REPUBLIC

ORANGE, Feb. 24.—The Orange County American Woman's Republic, including chapters from Fillerton, Santa Ana and Orange, met yesterday at the home of Mrs. L. A. Stolp on West Laveta avenue. The Stolp place is well fitted for the entertaining of a large gathering and the day was a success from first to last.

An elaborate and beautiful decorative scheme was used. The lower rooms were attractive in roses, smilax and ferns. The upper floor which is one great room, was turned into a banquet hall. The walls and ceiling were draped in white and flags were prominently displayed, the event being in the nature of a Lincoln-Washington celebration. The Republic colors, purple and white, were brought out in vases and lilies. Place cards were decorated with cherries and little hatchets and small bouquets of violets were at each plate. Fifty-two guests were seated at the three large tables and a very delicious menu was served at noon.

An extensive and delightful program was given after the business session was concluded. At roll call each member responded with a short story or quotation concerning either Lincoln or Washington.

A bright feature of the program was the appearance of little three-year-old Paula Fleisher who is a guest at the Paxton home in this city. The little

## IF CHILD IS CROSS, FEVERISH AND SICK

Look, Mother! If Tongue is Coated Give 'California Syrup of Figs'

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of 'California Syrup of Figs,' and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give 'California Syrup of Figs' because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of 'California Syrup of Figs,' which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeiters sold here. Get the genuine, made by 'California Fig Syrup Company.' Refuse any other kind with contempt.—Advertisement.

Miss recently arrived here with her parents from South America. She favored the meeting with three Spanish readings which she later translated and won the hearts and the applause of all who heard her.

There were musical selections by Mrs. Carrie Drake of Santa Ana, a reading by Prof. W. S. Dearing, a reading by Mrs. A. D. Bishop, short anecdotes of Lincoln by Mrs. Dearing, a piano selection by Mrs. L. A. Stolp, piano solos by Celesta Dierker and Park Wiseman, and another reading by Mrs. Bishop, which brought an encore. Another good feature of the program was a solo, "Captain, My Captain," which had been set to music by Prof. Dearing and was sung by Park Wiseman.

The next meeting of the Republic will be held in Santa Ana in June.

Mrs. Tryphena Wright who underwent an operation for a tumor on her foot, early in January, arrived home from Los Angeles yesterday afternoon. She is still unable to step on her foot, but is improving.

Glen Conway of Larimer, Iowa, is spending a few days with his brother, Carl L. Conway and family on East Collins avenue.

Mrs. Henry Meehan of West Chapman avenue was hostess to the O. D. O. Tattling Club yesterday afternoon. Fancy work occupied the attention of the guests through a pleasant afternoon. At 4:30 a dainty two-course luncheon was served. The tables were decorated beautifully, a large bowl of violets and smilax forming the centerpiece.

The next meeting of the club will be an all-day affair, March 9, at the home of Mrs. Horace Lucy at Placentia.

Those present yesterday were Mesdames N. U. Potter, C. J. Porter, R. Cameron, John Kaiser, W. C. Waechter, William Wagner, Frank Knight, C. B. Christenson and H. C. Meehan.

The Brotherhood of American Yeomen will celebrate the 18th birthday of the lodge with an open air meeting this evening at the K. of P. hall.

The occasion is also the fiftieth anniversary of the local homestead. A good program has been arranged, one of the features being the wedding of two of the young members at 9:30 p. m. Yeomen and their friends are invited.

Mrs. Ernest H. Klaustermeyer, who has been seriously ill for the last several weeks, passed away at 7 o'clock this morning at her home near east Chapman avenue and Tustin street.

Mrs. Klaustermeyer was a daughter of Mr. and Mrs. H. Peters of West Almond avenue. She was about 35 years of age. A husband and four little children ranging from 11 to 2 years of age are left to mourn her loss.

Arrangements for the funeral have not yet been announced.

Miss Eva Fearn has been promoted to the position of evening chief operator at the local exchange of the Pacific Telephone Company. She started her duties last evening.

Mrs. C. B. Campbell, who has been ill for some time has returned to the Glendale Sanitarium, where she spent some time previously.

Mrs. L. C. Alles is reported ill at her home on North Glassell street.

## AT THE COURTHOUSE MAKES INQUIRY CONCERNING HABITS

Occasional Beer, Cigarettes  
and Out Evenings Traits of  
Youthful Offenders.

One thing seems certain, and that is if Judge West grants probation to four young men from Orange they will have to give up some of their habits and settle down to life without occasional beers, cigarettes and running around at night.

This morning when Zenio Watson, Willard Shadel, Farley Sutton and Vernon Thompson, all of Orange, were before the judge, Shadel, Sutton and Thompson, all pleaded guilty to burglary. Watson had previously pleaded guilty to grand larceny. This morning Attorney R. Y. Williams asked that the four youths be put on probation, and given a chance to make good.

Watson told the story of the theft of a case of cyanide from the McPherson Heights Association and of a half a case from Bowman and Wiley's fumigators. He said that Laswell, a fumigator, had suggested to him that he steal the cyanide, and Laswell would pay him \$30 a case for it. Cyanide is worth \$52 a case. Watson took with him as partner, Al Winters. Laswell paid Watson \$40, and Winters got \$15 of that amount.

Standing around the plaza at Orange one day, Shadel, Thompson and Sutton got talking about cyanide and Laswell. They had been informed that Laswell would pay \$35 a case for whatever the boys could turn over to him. On arrangements with Laswell, the boys entered the Foothill Valencia Growers' packing house, and stole six cases of cyanide.

Had a Good Record  
Testimony was taken concerning Watson's record. It was shown that he is industrious and a hard worker. When it became known that he had stolen something, those who knew him were greatly surprised. J. D. Spontetta, manager of the packing house, and G. L. Bates, a director, said they would like to see Watson given a chance to make good. Employment was assured.

Judge West made careful inquiry of each of the four defendants concerning their habits. It developed that the four smoked cigarettes, all went to Anaheim and Newport Beach occasionally and there drank beer. Watson was the only one of the four who seemed not to be much in the pool-rooms at Orange.

According to the other three, who were evidently much together, about once in two weeks a trip to Anaheim was taken, to a skating rink or dance. The three all declared that two, three or four glasses was about all they ever drank before going to the rink or dance hall. Sometimes before starting

## TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat if You Feel  
Backachy or Have Bladder  
Trouble

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Advertisement.

## AT THE COURT HOUSE LOSS OF THUMB BRINGS \$500 JUDGMENT

E. F. Wickersheim Held by  
Court Responsible for Colli-  
sion of Wagon and Buggy

In the superior court yesterday afternoon, Judge Thomas gave \$500 judgment in favor of Henry and Emma Quintana against E. F. Wickersheim of McPherson. Wickersheim was held responsible for the collision of his hay wagon with Quintana's buggy on East Second street, Santa Ana, several weeks ago, and that collision was responsible for throwing Mrs. Quintana to the ground.

The loss of her thumb was the prin-

cipal injury received by Mrs. Quintana. She is a Spanish woman who weighs 200 pounds. According to her testimony and the testimony of her two daughters, they, in a buggy, were crossing an intersection when Wickersheim, driving a wagonload of hay, came at right angles. They say his horses broke from a fast walk into a trot, and that the tongue of the wagon caught the buggy amidships, and toppled it over. The mark on the buggy was proven by evidence. Mrs. Quintana received numerous bruises. Her thumb was so badly mangled that it had to be amputated.

Wickersheim testified that he saw the buggy coming, and that he drew up his horses and stopped, but the people in the buggy were laughing and talking and not seeing where they were going, and ran into his wagon.

Quintana and his wife sued for \$2,087.50, and Judge Thomas gave judgment for \$500. Forgy and Reinhaus appeared as attorneys for the plaintiffs and Williams & Rutan for the defendant. Wickersheim, formerly an implement dealer in Santa Ana, is now an orange grower at McPherson.

Names Guardians  
Yesterday Judge Thomas adjudged Mrs. Mary J. Neill of Santa Ana to be incompetent and appointed her son and E. E. Vincent as guardians of her property. The guardians are to give a \$25,000 bond. Mrs. Neill owns the southwest corner of Fourth and Spurgeon streets, and other valuable property.

home they drank some more beer. "Did you drink it for the taste or the effect?" asked the judge of each defendant, and each said it was for the taste, not the effect.

It developed that none of the three youths spent many evenings at home. Thompson said that frequently they came to picture shows or skating rinks in Santa Ana, in fact nearly every night they did not go to Anaheim. They were to Anaheim about once in two weeks.

After making careful inquiry into the amount of money spent by one of the boys on an evening's amusement, the judge said: "I think I have the keynote of the whole thing."

A number of witnesses were examined in behalf of the three youths who robbed the packing house together. Those who testified concerning Farley Sutton were especially surprised to find him mixed up in the affair. Thompson was spoken of as never having been in trouble before. Shadel said he had twice been arrested for speeding and once for not having a rear light burning.

"Are you willing to obey the order of this court, however strict it may be, in case you secure probation?" was asked of each defendant by Attorney Williams, and each answered in the affirmative.

Deputy District Attorney Koepsel conducted a part of the inquiry. Watson is 18, Sutton 19, Thompson 18 and Shadel 22.

Judge West concluded to wait until tomorrow morning at 9 o'clock before passing judgment.

Gets Out on Bail

Today Harvey Price gave \$1000 bail. He is charged with contributing to the delinquency of minors. Attorney W. M. Brown of Orange this morning asked Judge Thomas to dismiss the complaint on the ground that a juvenile court has no jurisdiction in the case unless a preliminary examination has been held. The motion brings up a new point, not heretofore raised to hold such hearings without first having a preliminary examination. The matter will be passed upon by Judge Thomas tomorrow morning. Attorney Brown and District Attorney West are to submit authorities on the matter.

Claims the Horses  
Today the Hellman ranch put in an answer to a complaint in which Tony Gil asks judgment for \$1200 for six horses that he declares were taken away from him at Ed Golder's ranch on December 15. The answer admits that the horses were taken, but declares that they belonged to the ranch, and were taken by Fred H. Bixby, E. J. Hewes and D. J. Grantham under direction of the ranch owner, I. W. Hellman.

Set for Trial  
The divorce action of Annie Johnson against J. W. Johnson has been set for trial on April 19. The contest is likely to be a bitter one. Anaheim attorneys represent the litigants. The trial of Slyton vs. Turner is set for April 20.

New Deputies  
Sheriff Jackson has appointed A. H. Brown as a deputy. Constable Heard has appointed G. E. Dean and L. C. Rogers as deputies.

Action on a Bond  
The A. B. Snow Lumber Company is suing S. E. McRae, who was contractor on the Bay City schoolhouse, for \$531.62. The National Surety Com-

pany is also a defendant. Judgment being asked against it as McRae's surety. The plaintiff is suing on a bill incurred for lumber used on the building. Percy Hight of Long Beach is attorney for the plaintiff.

Over Electric Piano  
H. F. Charles is plaintiff against C. E. Smith in an action for \$440, alleged to be due on a contract for an electric piano. Sheriff Jackson attached a restaurant and Ford, and later on instructions of Attorney E. K. Brown for the plaintiff released them.

## SAY THEY STOLE TIRE AND PRESTO TANK HERE

Two men have been arrested in Los Angeles on a petty larceny charge, and in a confession stated that they stole an automobile tire and a presto tank in Santa Ana on the evening of Jan. 1. It is believed that the tire was taken from F. P. Nicky's machine. Nicky went to Los Angeles today to see the tire, which has been recovered. Sheriff Jackson is trying to locate any person who had a presto tank stolen on the evening of Jan. 1.

greater attendance is expected at that time and the proposition of building a new house will then be discussed in detail and a vote probably be taken.

In regard to the proposed change, two propositions were under discussion yesterday. One had to do with the buying of the building now used and the other had to do with erecting a new plant. The latter plan seemed to meet with a greater degree of favor.

The rapid growth of the local association has made the need of larger quarters imperative. It is almost assured that when the walnut growers meet on March 9 they will vote to put up a new plant.

During the discussion, the new house of the Fullerton association built last year, was referred to as a model. Should it be decided to follow out the same general lines of the Fullerton plant the proposed house here will cost between \$3000 and \$10,000, including equipment.

Charles Thorpe, secretary of the California Walnut Growers' Association, of Los Angeles, was present at yesterday's meeting and made a talk in regard to market conditions and the outlook in general. He said that there was at present a fair market on good walnuts.

One thing that is affecting the market, according to Thorpe, is that there are large shipments of inferior walnuts in New York at present and that these are being sold at from five to eight cents a pound.

Thorpe cited one instance of 50,000 sacks of French walnuts having been received in New York. The stock in this shipment was moldy and was sold at very low prices, the buyers preferring an inferior product at a low price rather than a first-class product, such as is shipped from California, at a good price.

The local association has already received 14 cents per pound for its No. 1 nuts, and A. C. Tiede, secretary, stated today that he fully expected that the growers would receive a half-cent additional by the time the returns are all in.

Secretary Thorpe brought a check for \$6000 from Los Angeles yesterday for the Santa Ana organization and stated that he would send down an order for a carload of walnuts today.

There are only four carloads of walnuts left at the local association and these will all be disposed of in the near future.

## BOX CAR, SALT AND POPCORN ARE BURNED

Car on S. P. Tracks Catches Fire; Prince Warehouse is Menaced

Fire of unknown origin did damage to the extent of about \$200 to a box car standing on the Southern Pacific tracks alongside the W. N. Prince Company's wholesale produce warehouse on Fruit street and to some goods in the warehouse itself. The alarm was turned in at about 6:45.

The car was damaged to the extent of about \$150, while some stock in the Prince warehouse, consisting of salt, popcorn and other goods, was damaged by fire and water to about \$50.

The fire was a spectacular one for the short time it lasted, lighting up the Southern Pacific yards and vicinity for a considerable distance.

The fire department made a quick run to the locality and soon had the blaze extinguished.

The box car contained a quantity of loose straw. It is supposed the fire originated from a lighted match thrown carelessly in the hay by some prowler.

Flames from the roof set fire to the woodwork immediately below the corrugated iron roof and above the brick wall of the warehouse. Had it not been for the quick work of the firemen serious damage to the building would undoubtedly have resulted.

## AMUSEMENTS

### "A Peck O' Pickles"

Flushed with the great triumph of a conquest at Chicago after a six-months' run in San Francisco and Los Angeles, and with the plaudits of audiences which filled the Chicago house for more than three months, still ringing in their ears, Kolb and Dill came here to invade the Grand Opera House to-night with their greatest success, "A Peck O' Pickles."

Kolb and Dill in "A Peck O' Pickles" outlasted every other play presented for the summer season in Chicago, and were playing direct opposition to their only rivals, Weber and Fields. Frank Stammers' brilliant musical comedy caught the fancy of the public from the very start and not even through the warmest summer nights was the attendance at the performances diminished.

The story of "A Peck O' Pickles" has to do with the adventures of two Germans in the spittles town of Walpole, Mass., Kold, the tall one, as Schiltz, the village shoemaker, who is the possessor of a lottery ticket, and Dill, the short, stubby member of the team, as Busch, the delicatessen shopkeeper who keeps a bottle of "Green River" on tap for the thirsty villagers who he thinks can keep a secret.

At the Temple Theatre  
 Tonight will be your last opportunity of seeing Geo. Beban in "The Italian," a production in six reels which is startling the entire country from ocean to ocean; a play that thirty days ago was practically unknown, and in less than three weeks has sprung up to be the most remarkable play ever produced.

No matter what you intend doing this evening, just put it off until some other time and go down to the Temple Theatre and see "The Italian." You will never regret it, as tonight will be your last chance to see it.

Beginning tomorrow, and for three days only—Thursday, Friday and Saturday—the Temple Theatre will offer to its patrons the world's greatest play, "The Girl of the Golden West," together with an all-star cast, featuring Theodore Roberts, House Peters and Mabel Van Buren.

Remember, the Temple Theatre shows the world's greatest productions at all times and the price of admission is only 10c for any seat in the entire house at all times. Although the productions shown at the Temple are exhibited in other parts of the country at prices ranging up to \$2 a seat, the price at the Temple is only 10c.

### "Wildfire" at Clune's

The World Film Corporation presents the five-part photoplay, "Wildfire," in which Lillian Russell plays the lead. This is the first photoplay in which Miss Russell has appeared and she has chosen as her vehicle the play in which she made a great success on the regular stage in 1907. The story concerns the death of Bob Barrington by foul means in the West. The murderer goes east, changes his name, and by the aid of documentary evidence obtains possession of the late Mr. Barrington's racing stable and becomes infatuated with Henrietta Barrington.

She, however, suspects him and is joined in her suspicions by Garrison, who out West was the sheriff at the time and place of Mr. Barrington's murder. Between them Henrietta and Garrison hold documentary proof of Duffy's guilt, and when the latter finds that his villainy is suspected he plans to flee the country.

Before doing so, however, he determines to pull off a grand final coup. His horse, Wildfire, is the favorite for the great handicap, and Duffy instructs the jockey to lose the race, so that he, Duffy, can win money over another horse. Henrietta discovers the plot and, beating down all opposition and obstacles, climbs to the flag and by holding it up reverses Duffy's instructions to the jockey, who thus wins with Wildfire. Duffy disappears and Henrietta and Garrison, who are lovers, are made happy.

The famous actress is seen throughout the film play, which is replete with striking sensations, the race-track scenes being full of realism and excitement.

Why have practical, well-to-do ranchers from every part of this state purchased Milford Valley lands almost on sight—within a few hours after being on the ground? Isn't the judgment of the best farmers in the state worth something to you? If you are in the market for high class land, cheap water, main line railroad facilities—at the lowest price this type of land has ever been offered for, can you afford to pass this Milford opportunity?

Do you want alfalfa land that will net \$70 or more an acre on three cuttings? Do you want land that yields an average of 400 to 500 bushels of potatoes to the acre? Do you want land that produces 50 bushels of wheat and 100 bushels of oats to the acre? Do you want a better dairying country than Southern California, where the highest prices prevail continuously? Do you want a bean country that rivals the Ventura district? Do you want a better hog country than Iowa? Do you want to locate in the deciduous

## OHIO MAY PAY THE FAMILIES OF DRUNKARDS

COLUMBUS, Feb. 24.—Payment of state compensation to the dependents of drunkards is the plan embodied in a bill introduced during the present session of the Ohio Legislature by Representative Van S. Deaton, Miami county. Deaton would have the liquor interests foot the bill and the state make the awards under a system similar to the present workmen's compensation act.

This is chief among the many "freak" measures introduced.

You can get asparagus now if you have the money. First shipments have been received from Imperial Valley and the grass is exceptionally fine quality. The opening price was \$1 per pound and there is little likelihood of a reduction to anything like a reasonable figure for the next three weeks.

One of America's most successful bankers recently made the statement that he had been lending money for over thirty years and he had yet to learn how to avoid losing some.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling to breathe at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.
